

## Manassas City, VA

### Labor Market :

A total of 313 jobs were created during July and August. The new jobs in Manassas City were offset by a proportional increase in the number of job seekers. The net result was no change in the average monthly unemployment rate for the first two months of the third quarter from the 2.9% rate of the second quarter. The new jobs should help demand. Coupled with record low mortgage rates, these two patterns set the local housing market up for a strong spring.
