

Prince William County, VA

Labor Market :

Employment increased by 113 jobs in Prince William County during January and February. However, the number of job seekers also increased. The combined effect of these two trends was an increase in the average monthly unemployment rate from 2.5% for the first quarter to 3.2% in the first two months of the second quarter. The solid job growth February provide strong home sales, while historically low mortgage rates should continue to spur sales.
